## EDUCATION

### University of Guelph

Guelph, ON

*Bachelor of Computing in Computer Science, Minor in Business*

*Sept. 2024 – Apr. 2029*

School of Computing and Information Sciences (SOCIS) Vice-President of External Affairs, Gryphons Event Staff

Guelph Computing Club, Guelph Cyber Security Society, Guelph Google Development Student Club

### Country Day School

King City, ON

*High School Diploma*

*Sept. 2014 – May 2018*

Student Council, Hockey Team Captain, Mascot, Student Lead of Athletics

## EXPERIENCE

### AI Training Contractor

Jan. 2025 – Present

*DataAnnotation*

*Remote*

- Reviewed generated code and suggested efficiency, readability, and corrective improvements.
- Enhanced the functionality of 3 different in-development LLMs for code review.
- Developed sophisticated, fine-grained, and actionable criteria to judge AI responses to complex prompts.

### Opening Lead

Apr. 2020 – Feb. 2023 and Jun. 2024 – Aug. 2024

*Marble Slab Creamery*

*Barrie, ON*

- Managed the daily operations of more than 5 people, optimizing for efficiency.
- Prioritized tasks to optimize the effectiveness of the schedule for the week.
- Designed cakes to customer specifications and resolved any order or customer satisfaction concerns.

## PROJECTS

### Poker Chip Tracker | *HTML/CSS, Python, JavaScript, SQL, Git*

Jan 2024 – Present

- Developing a full-stack web application to lower the barrier of entry to in-person poker games.
- Integrating game lobbies, a user-authentication system, and database integration using the Django framework.
- Developing my project while balancing my university workload of 5 full courses as well.
- Learning important skills in the product lifecycle and development process.

### Multi-Level Tic Tac Toe | *Java, Git*

Mar 2022 – June 2022

- Developed a locally run game using Java in only 3 months, while balancing a full course load.
- The game features 6 distinct boards, introducing an extra layer of strategy.
- Created a CPU that dynamically reacts to user input.
- Used Git for effective version control, allowing me to work on 3 different features simultaneously.

## AWARDS

**Valedictorian** | *Voted in by my grade of more than 100 people.*

June 2024

**Dean's List** | *Achieved in my first semester, with plans to maintain eligibility.*

Jan. 2025

**4x Academic Distinction** | *Maintained a 90%+ throughout high school.*

2020 – 2024

**3x Most Improved Player** | *Earned on the hockey, baseball, and soccer teams.*
